

Winners of the Mountain Trail Bike nationals: Rowan Brown finished second.

Rowan places at nationals

ROWAN Brown headed off to the first Mountain Trail Bike National Round U19 race, with the hope of finishing in the top five.

However, he surprised himself when he came back with second place.

The U19 race, at the first MTB

National Round was held in Geelong and he competed the course as a first year under19.

The competition was tougher than any previous nationals, but Rowan had worked hard and looked forward to competing and training with others, on different tracks.

Rowan's passion for MTB is very strong as he does the majority of his training on his own.

He was also fortunate enough to be a recipient of a South West Academy of Sport individual scholarship last year, and also received a DSR Smarter Than Smoking grant for the second year in a row.
