

On target for goals

HOCKEY

YEAR 9 McKillop Catholic College student Anna Roberts will be heading up to Perth this weekend to take part in the Field Hockey Experts Cup.

Anna will be part of the South West Academy of Sports hockey team, and will compete against the under-15s and under-16s State teams, two teams from NSW and a team from Japan.

Anna is quietly confident about their chances in Perth but said the competition would be tough.

"We are the only regional team competing against all these State teams," she said.

Anna took hockey up when it was an option at school and kept playing because it was fun.

She unsuccessfully trialed for the State under-15s team this year, but will try again next year.

"My biggest dream would be to play for the national team. Maybe even taking part in the Olympics one day," she said.

Year 9 student Anna Roberts will be playing against state teams from WA, NSW and Japan this weekend.
