

Rising star Ryan May has returned from his Singapore trip.

Young star enjoys trip despite injury

BUSSELTON'S Ryan May took his soccer skills to Singapore recently for a trip of a lifetime with WA's best young regional players.

Ryan was hand picked for the WA Regional Representative squad after a trip to country week in Perth this year.

The young soccer player, who also plays for South West Phoenix and South West Academy of Sport, took part in an eight-day training event with the under 13s team.

Regional development officer Perry Krakowczyk said Ryan had a knee injury before the trip, but performed very well in the team despite not being able to play a whole game.

"He showed character and played as long as he could each game," he said.

The side left Singapore without a loss and Mr Krakowczyk said the trip was one the team would remember for the rest of their lives.
