

Juniors prepare for SWAS trials

BASKETBALL trials for next year's South West Academy of Sport scholarships begin on September 7 at Eaton Recreation Centre.

Boys and girls aged between 14 and 17 in 2010 are eligible to trial for the 30 scholarships available for a high performance program.

Headed by Basketball South West, the elite training will include individual and team basketball sessions as well as specialist training in weights, running, psychology, diet and media training.

A panel of BSW high performance coaches will compile a shortlist of athletes who will then progress to an interview as a prelude to being awarded a scholarship. For further information contact Steve Hawkins on 9791 8884 or Treena and Greg Worthington on 9797 1516.
