

Three young footballers make championships

FOOTBALL: Brayden Lawler and Jacob Smith from Bunbury and Corey Kirkness from Capel are three of the five representatives from the South West Academy of Sport already training for the approaching School Sport Australia Football Championships between July 25 and August 1 in Maroochydore.

“The championships in Maroochydore will be great because you get a chance to play with the top players from each State – it’s a big competition,” Smith said.

A highlight of the school sports calendar since 1923, the annual competition sees students from States and territories clash for national supremacy.
