THE South West Academy of Sport board, which oversees management of the academy, will sit in Margaret River on June 25.

SWAS chief executive Bernice Butlion said members of the public were invited to meet the board members prior to and after the regional meetings and discover how the academy is helping local athletes achieve their goals.

They now have four partner sports

programs—in football, soccer, basketball and hockey—up and running, plus an individual scholarship program.

There are currently 147 athletes from throughout the region, including in the Margaret River and Manjimup areas, training through SWAS.
