

New appointment

Bernice Butlion

THE South West Academy of Sport has appointed Bernice Butlion as its inaugural chief executive.

Mrs Butlion was previously manager of the Eastern Cape Academy of Sport in South Africa and said she was looking forward to fostering the development of up-and-coming athletes.

"The region has produced some outstanding athletes over the years and with the establishment of the South West Academy of Sport, we expect to see the number of South West athletes participating at elite levels grow," she said.
